

The programme

Sunday the 13th May Torrevilla offers to all visitors a day full of cultural and celebrating events.

There will be a performance in costume representing the ancient harvest-rituals, there will be tours around the wineries, visits to the Museum Taversa-Torrevilla and there will also be the usual appointment with the tasting of the typical Oltrepò Pavese-products of the "Fancies & Gourmandizing"-line of products as well as of Torrevilla's wines.

An occasion to share the quality which characterizes the Winery since the very beginning of its activities, celebrating together these first "onehundred years".
